

MTH 514

Linear Algebra/Functions of Several Variables Fall 2018

Course information

Room: RT 1516

Time: Tuesday, Thursday 16:00 - 17:50

Credits: 4.0

Topics: Vector spaces, linear transformations, eigenvalues and eigenvectors, matrix canonical forms, matrix decompositions, multivariable limits and differentiation, Jacobians and Hessians, Taylor's formula, multiple integrals, surface integrals, change of variables.

Online resources: Visit Blackboard for up-to-date information about this course.

Instructor

Name: Federico Galetto

E-mail: f.galetto@csuohio.edu

Phone: 216-687-4696

Office: Rhodes Tower 1528

Office hours: Tuesday 14:00 - 15:30, Thursday 10:00 - 11:30, or by appointment

Materials

Suggested:

- Carl D. Meyer, *Matrix Analysis and Applied Linear Algebra*, Siam, 9780898714548
- Peter J. Olver and Chehrzad Shakiban, *Applied Linear Algebra*, 2nd edition, Springer, 9783319910406

Grading

Grade calculation: Homework and exam grades will be posted on Blackboard. Your percentage grade will be computed according to the following breakdown and converted to a letter grade as indicated below.

60%	Homework	A	92%-100%
40%	Final exam	A-	90%-91%
<hr/>		B+	88%-89%
100%	Total	B	82%-87%
		B-	80%-81%
		C	70%-79%

Homework: Homework will be assigned and submitted every two weeks. Due dates will be announced in class and on Blackboard. You are expected to work independently on and submit a paper copy of all assignments by the due date. Your work will be evaluated on correctness as well as clarity of exposition and logical coherence. **Late assignments will not be accepted.** Clearly indicate your name and student number on all assignments. Ensure your writing is legible and clearly organized, and that all assignment pages are securely stapled together (failure to comply may result in a lower grade).

Final exam: The final exam will be held on Tuesday, December 11, 2018, 16:00 - 18:00. Location will be announced.

Policies

Attendance and participation: You are expected to attend all classes. If you are unable to attend a class, it is your responsibility to notify your instructor in advance and to inquire about any topics covered and announcements made during that class. It is your responsibility to actively engage in each class. Participation may be considered as a positive factor towards your grade.

Electronic devices: The use of electronic devices such as (but not limited to) phones, smartwatches, computers, tablets, and headphones is prohibited during class, unless otherwise indicated. If you wish to use an electronic device for note taking, you need to receive explicit consent from your instructor and you may occasionally be asked to submit a sample of your notes.

Academic integrity: Cheating and/or plagiarism will not be tolerated. Cheating includes copying or receiving help from another student on quizzes, tests or exams, as well as allowing another student to copy from your work. Receiving help from someone else by using an electronic device such as a mobile phone or a smartwatch constitutes cheating. Copying another student's homework, or allowing someone else to do your homework for you, is also considered cheating. If cheating occurs in a quiz or test, the student will receive a grade of 0 for that component of the course. If a student cheats a second time during the course, the student will receive an F for the course. If cheating occurs on the final exam, the student will receive a grade of F in the course. Any cheating activity may be reported for further action. Information regarding the official CSU Policy on Academic Misconduct can be found at https://www.csuohio.edu/sites/default/files/3344-21-02_0.pdf.

Accommodations: Educational access is the provision of classroom accommodations, auxiliary aids and services to ensure equal educational opportunities for all students regardless of their disability. Students who feel they may need an accommodation based on the impact of a disability should contact the Office of Disability Services at 216-687-2015. The Office is located in MC 147. Accommodations need to be requested in advance and will not be granted retroactively.

Course modifications: The instructor retains the right to modify the contents of the course, including grading criteria and course policies. Reasonable notice will be given for all time sensitive matters. Course changes will be communicated in class and on Blackboard.
